To change this scenario, we unite our committed community, bringing knowledge and tools from the Web 3.0 world, providing fair services and equal opportunities so that anyone has equivalent or even better results than the big players in the market.

20% of the income goes to the creation of NFT'S, GAMES and METAVERSE. This will be developed during the next 6 months.

We have a team of 25 programmers to create the entire ecosystem. In the metaverse you can interact in a normal way or VR, in which you can do virtual business such as:
